Dear Sir

An election for a pastor of the Central Church, this city, will be had on the coming Monday - & your name is prominently before the minds of many of its most respectable members - whose voice would be more earnest were they assured that you would entertain a respectable call. At the request of several, I hastily address you on this subject. Will you kindly favor me with a reply by return mail, stating whether your situation & views are such, as to enable you to entertain a call. A proper respect shall shelter your letter from an improper use -

Yours With high Esteem & Resard
(Samuel Agnew)
